- [CNBC Finance] One of the market's hottest stock themes is buying everything AI can't replace
The search for HALO stocks is a hot theme in the stock market. There is now an ETF to invest in it.
- [CNBC Finance] AI-related layoffs a boost for stocks? Not necessarily
The data underscores an uncomfortable reality.
- [CNBC Finance] Kevin Warsh comes into the Fed facing a big 'family fight' over cutting interest rates
With inflation spiking and Treasury yields surging, Warsh is likely to confront a Federal Open Market Committee in no mood to ease.
- [CNBC Finance] Why Taiwan became the defining issue in the Trump-Xi talks
U.S. President Donald Trump had said arms sales to Taiwan would be on the agenda for his talks with Chinese President Xi Jinping which ended Friday.
- [CNBC Finance] Berkshire Hathaway returns to airlines with \$2.6 billion stake in Delta Air Lines
The Omaha-based company built a position worth more than \$2.6 billion, making Delta Berkshire's 14th-largest holding at the end of March.
- [CNBC Finance] 'Biggest bottleneck in the AI buildup' fuels DRAM ETF to record
The Roundhill Memory ETF (DRAM) just reached \$10 billion in assets at the fastest pace ever for an exchange-traded fund according to TMX VettaFi.
- [CNBC Finance] NFL wants certain trading contracts banned from prediction markets like 'first play of game,' injuries
The letter, which was reviewed by CNBC, calls for banning certain contracts and raising the age requirements for participation on sports-related contracts.
- [CNBC Finance] Stephen Miran exits the Fed. How he set the stage for Kevin Warsh.
The outgoing Fed governor shares big ideas with the incoming chair.
- [CNBC Asia] Why Taiwan became the defining issue in the Trump-Xi talks
U.S. President Donald Trump had said arms sales to Taiwan would be on the

agenda for his talks with Chinese President Xi Jinping which ended Friday.

10. [CNBC Asia] Chinese EVs are coming to Canada, and some dealers can't wait to sell them

Canada is allowing 49,000 Chinese-made electric vehicles to be imported for retail sales annually at a tariff rate of 6.1%.

11. [MarketWatch] 'I nearly made a major misstep': I claimed my Social Security benefits at 64 instead of 70. Here's why.

"It's remarkable – and discouraging – how many people are disengaged from their own financial lives."

12. [MarketWatch] Walmart and Target are about to show just how much shopping habits have changed due to the Iran war

Walmart has said that customers start to cut spending when gas prices hit \$4.50 to \$5 a gallon.

13. [MarketWatch] Nvidia is getting some help as it props up S&P 500 earnings growth

Micron is expected to be the second-largest contributor to the index's overall earnings growth – behind Nvidia, whose impact will likely diminish.

14. [MarketWatch] 'Several days have passed': The restaurant failed to process my 20% tip. Is it cheating the staff?

"When I use a credit card, tips are usually added immediately."

15. [MarketWatch] These hidden forces are driving the runaway stock-market rally

Bullish options traders and heavy buying of leveraged ETFs are playing a role in the historic swing higher for stocks. They're also being tested.

16. [MarketWatch] My wife and I retired with 22 times our income. Why don't more people do what we did?

"The vast majority of people I've known are intimidated by money's power, imbue it with almost magical qualities."
